NOVA

A digital coin owned
by everyone.

Type to enter text

No cost. No catch. Just claim.
Standard Ethereum network fee
applies. We do not receive any
of it.

Start by connecting your wallet.

Phase 0: 1,000 NOVA per claim

Ends after 100,000 coins

Connect Wallet

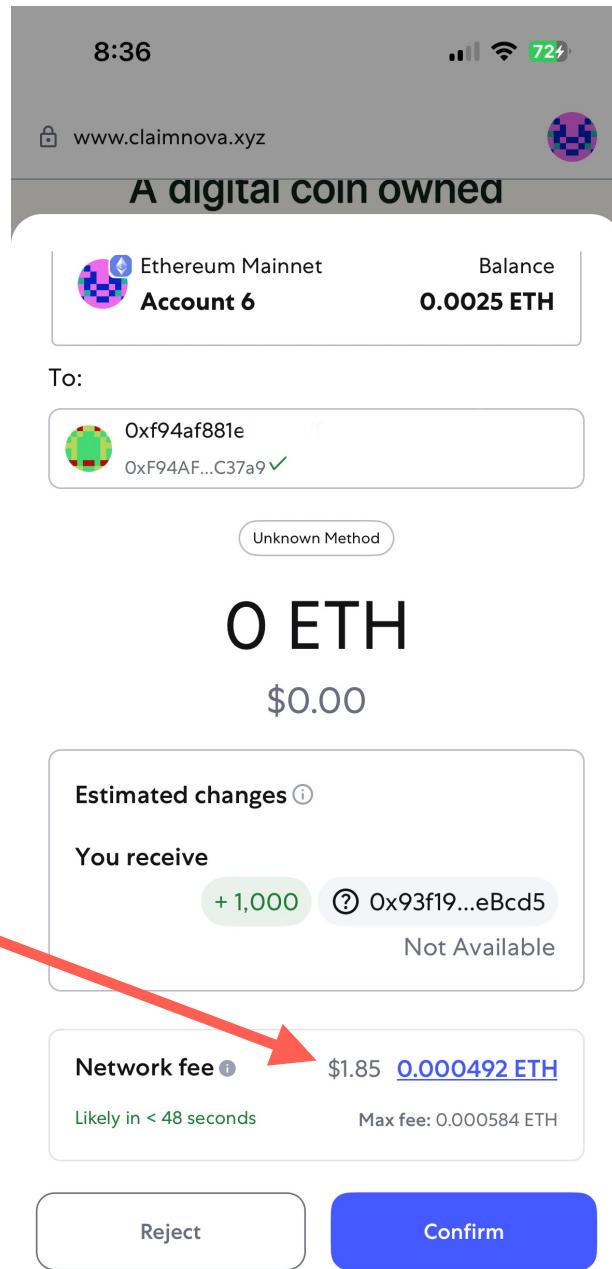

Claim

Connected:

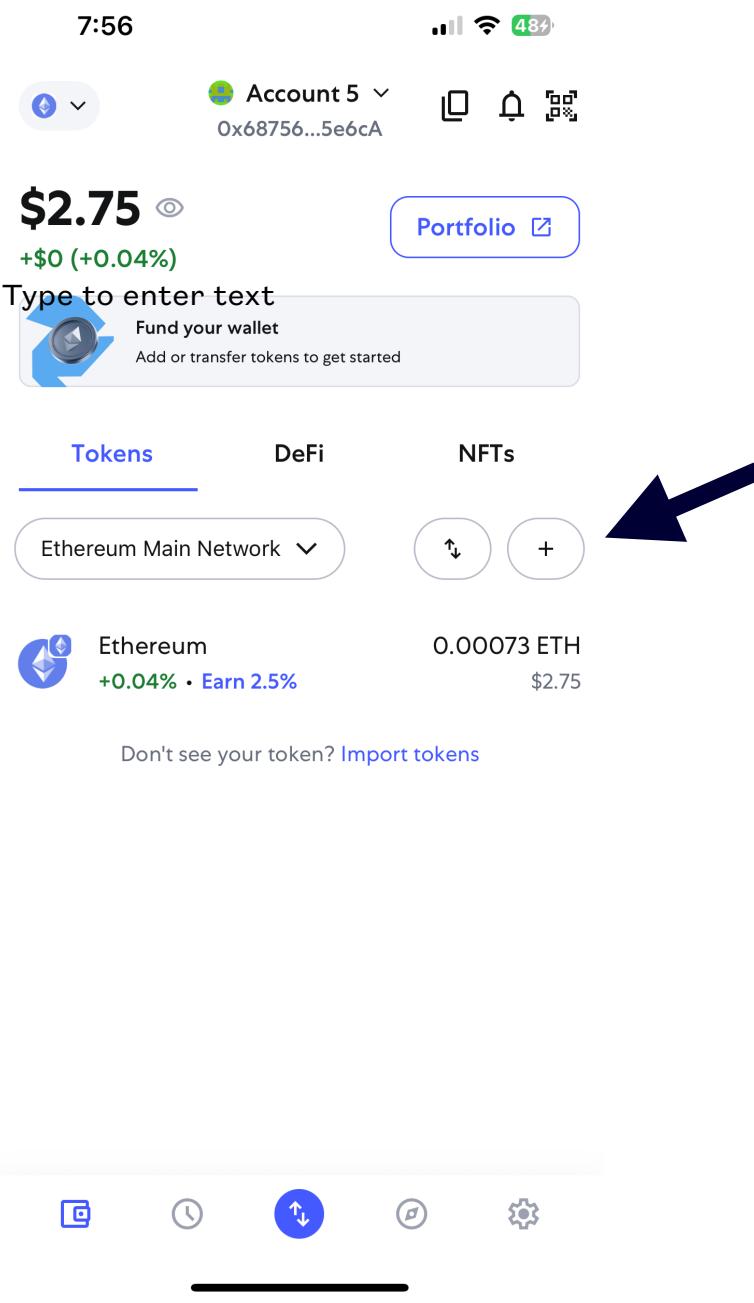

You will see pop-up window that should look like this make sure that network fee one that arrow is pointing out it's not outrageous if it is reject and try again it should be anywhere around 1\$-2\$ or less if everything looks correct click confirm

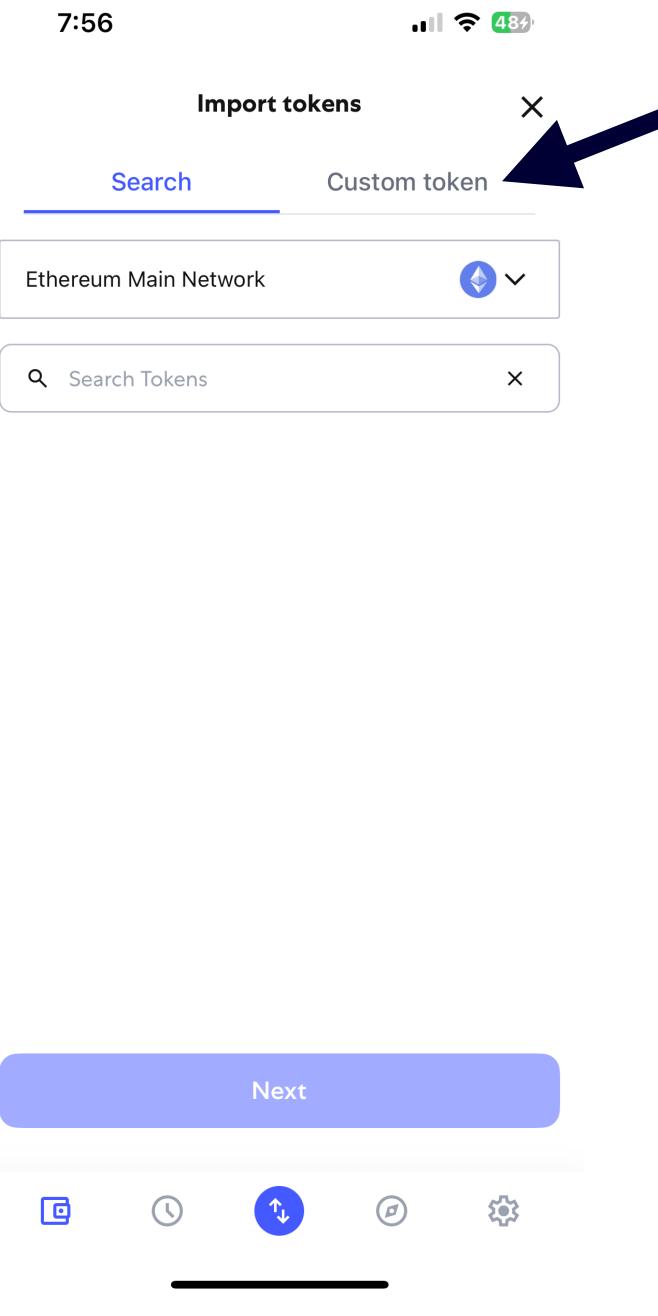

How to add Nova to your wallet after confirmed claim

Adding the Nova coin to your MetaMask wallet after a confirmed claim is a straightforward process.

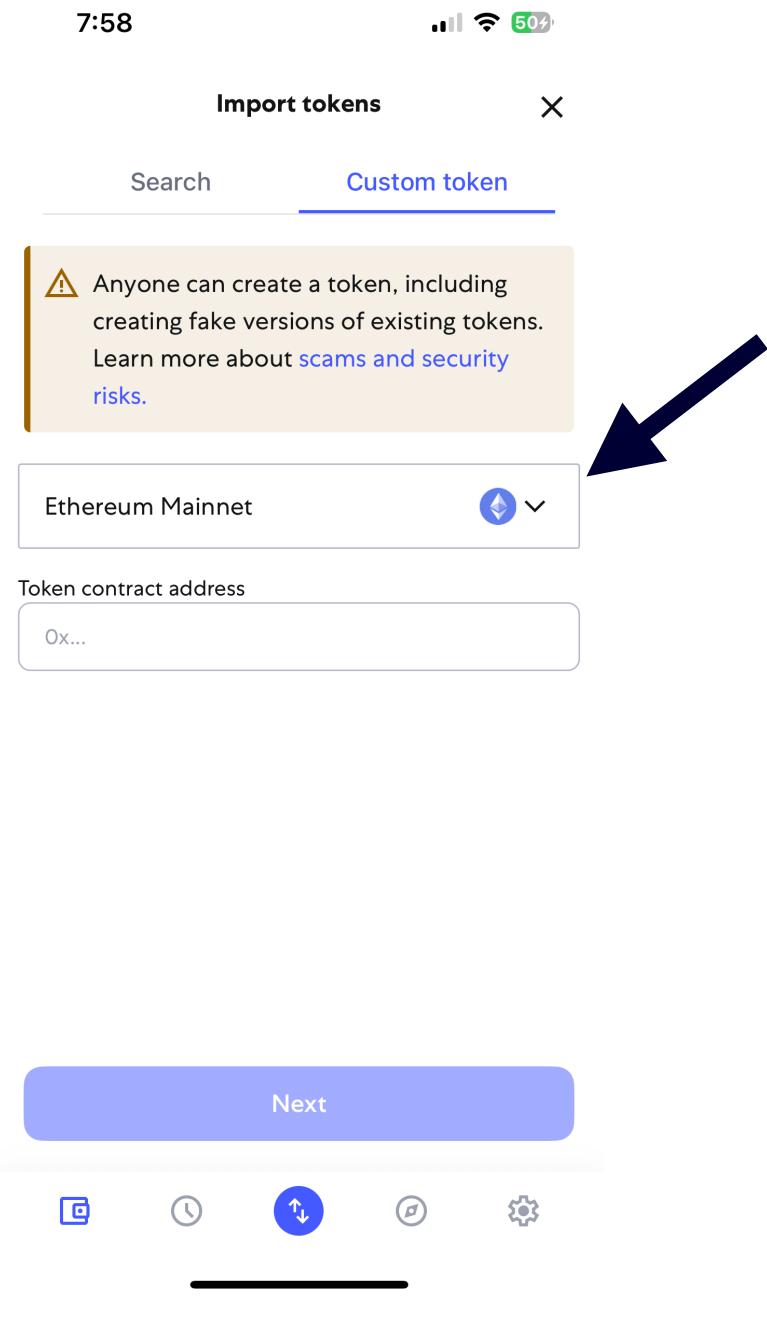

Start by clicking + symbol

Then you will choose custom token

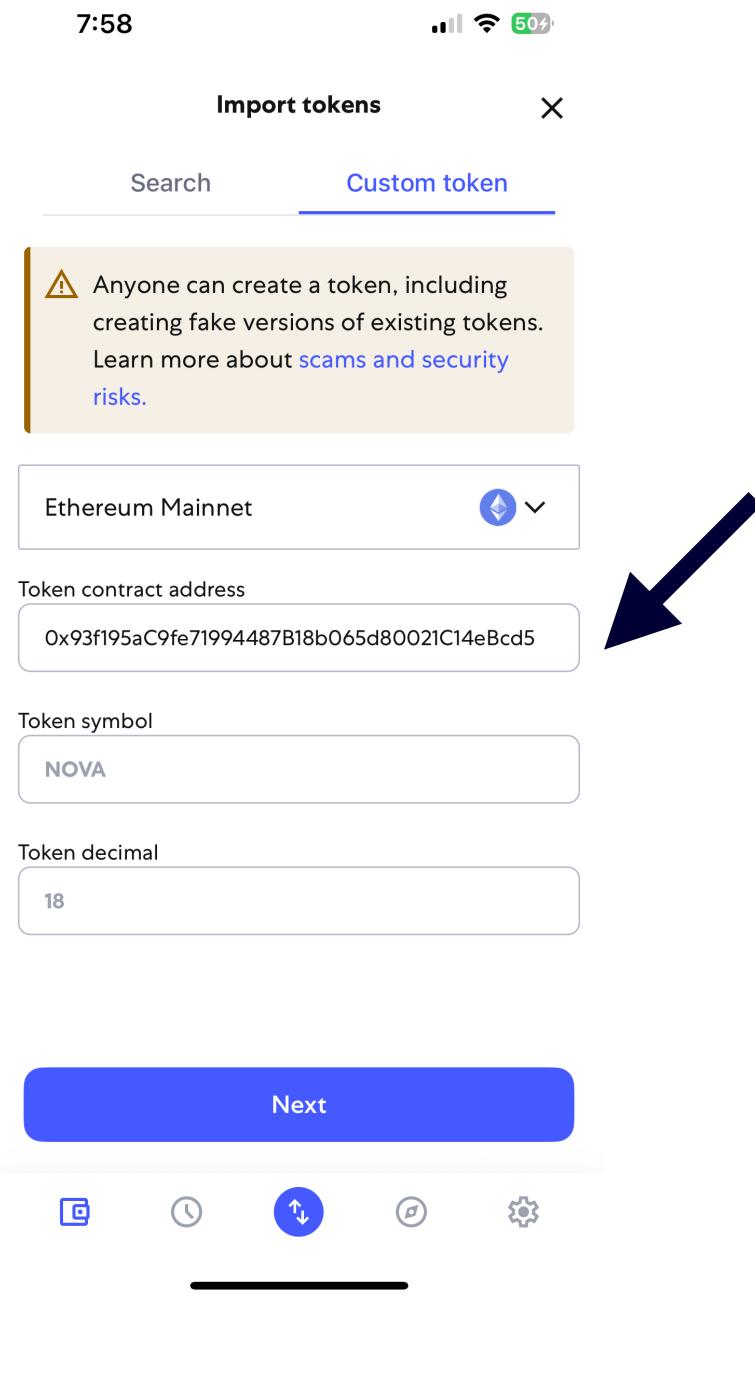

Next in drop-down menu choose Ethereal Mainnet

In a field that is marked Token contract address copy and paste this numbers.

0x93f195aC9fe71994487B18b065d80021C14eBcd5

If you paste in everything correctly token symbol(NOVA) and decimal (18) usually automatically fill-in

Now click import and you going to have claimed Nova visible in your wallet

7:58

Import

Now your NOVA is displayed in the wallet

The screenshot shows the MetaMask mobile wallet interface. At the top, it displays the time (7:58), signal strength, Wi-Fi, and battery level (50%). Below this, the account information is shown: "Account 5" with address "0x68756...5e6cA". There are also icons for a refresh arrow, a bell, and a QR code.

The main area shows a summary: "\$2.75" (with a plus sign) and "+\$0 (+0.04%)". To the right is a "Portfolio" button. Below this, there are three tabs: "Tokens" (which is selected, indicated by a blue underline), "DeFi", and "NFTs".

Under the "Tokens" tab, there is a dropdown menu set to "Ethereum Main Network". To its right are two circular buttons with arrows and a plus sign. The token list shows two entries:

- Ethereum: 0.00073 ETH, \$2.75. This entry has a dark blue arrow pointing towards it from the right side of the screen.
- NOVA: 1000 NOVA, no conversion rate. The NOVA icon is a blue circle with a white letter 'N'.

At the bottom, there is a message: "Don't see your token? Import tokens". A black rectangular overlay at the bottom contains a checkmark icon and the text "Imported Token" followed by "You've imported a token.".
